Product Guide

PURE SIGNAL™
SCOUT

The world's **fastest** cyber threat hunting tool.

TEAM CYMRU™

---

01 **Level up your SOC**

Gain unmatched insight into malicious infrastructure in real-time to create your own threat intelligence.

02 **Speed up incident response**

A single complex query can allow analysts to hunt more comprehensively with fast response times.

**03** **Consolidate multiple feeds and tools**

Unlike existing data sources and platforms, multiple data sources are fused into one place with no need for custom scripting.

04 **Optimize your defenses**

Gain actionable intelligence and context to dynamically update your network defenses.

THE FASTEST TOOL AVAILABLE FOR
Threat Insights
